### **OUTDOOR CLUB STAND SPACE**

Only ONE administration / hospitality unit is allowed per stand – this can be a caravan, tent, motorhome etc. in which the owner can sleep. However, general permission to camp on the clubs areas will not be granted, all other members must camp on the designated camp site. It is our desire to present the best possible display of owners cars to the public. Clubs will be required to ensure that offending club members remove any additional tents/caravans.  
All clubs will receive a sign with the club name in position and will be allocated sufficient space to accommodate at least the same number of vehicles as attended last years' show. Some club stands with only a few cars attending will not be allocated a roped off area.
